TO VOL. XXI,

ELECTRICAL REVIEW,

13 PARK ROW, NEW YORK.

AUGUST 27, 1892, TO FEBRUARY 18, 1893.

A WEEKLY RECORD OF THE PROGRESS OF ELECTRICAL SCIENCE.

ARTICLES MARKED * ARE ILLUSTRATED.

A

Anti-Trolley Humbug, 6, 30
Advance Information, 11, 12, 23, 35, 47, 59, 71, 83, 95, 107, 123, 135, 147, 159, 171, 183, 195, 207, 219, 231, 243, 255, 267, 279, 291, 303, 315
Allis Company's Engine Contract, 19
American Electro-Therapeutical Association, 29, 65, 78
*Anderson & Horton Lubricator, 39
Advertisers, Stray Shots for, 40
American Street Railway Association's Next Convention, 44, 102
Ahearn Electric Heater, The, 50
Atlantic Telegraph, History of the, 53
*Armatures in Power Stations, Devices for Handling Them, 57
Accidents Due to the Horse Car, 58
*American Engine Company's Plant, 68
American Institute of Electrical Engineers, 74, 139, 149, 170, 252, 288
Aluminium Put to a New Use, 88
American Electro-Therapeutical Association's Second Annual Meeting, 89, 101, 133, 158, 181, 206, 230
Armington & Sims' Large Business, 102
*American Telephone and Telegraph Company's Line Between New York and Chicago, 102, 109, 114, 126
American Street Railway, Eleventh Annual Convention, 112, 114
Automatic Phonograph Exhibition Co., 128
American Telephone and Telegraph Co's Donation to the Press Club Building Fund, 129
*Allison & Scott's Automatic Mast Arm, 134
*Arm, Mast, for Electric Lights, 134
*Astor's Electric Launch "Corcyra," 138, 142
*Ammeter Devised by E. H. Cutler, 146
American Fluoride Company's New Compound, 146
Afraid to Inhale It, 147
*Armature for Direct Driving, 149
American Institute of Electrical Engineers' Meeting in New York, 149
American Machinist, Article from, 150
At the Telephone, 169
Andreoli, Emile, in London *Electrical Review*, 176
Austria's Telephone Operators, 178
*Albany Switchboard, The, 185, 190
Adams, Dr. Wellington, One Hundred Miles an Hour Railroad, 190, 273, 282, 302
Advertising on the Atmosphere, 192
Another Use for Electricity, 195
An Engagement-Telephone Ring, 206
American Society of Mechanical Engineers, Annual Meeting, 208
American Bell Telephone Company's Suit, 212
Advertisements, Electrical, 216
Acme Storage Battery Company's System in Operation, 221
*Adams, Mr. H. C., of the Phillips Insulated Wire Company, 237
Aiken, Mr. John, Before the Royal Society, 246
Accumulator, Tommasi's, 247
Aluminium, Corrosion of, 248
Agencies, Advertising, Changes in, 251
Advent of the Calendar, The, 254
*Acme Storage Battery Tests, 259
Alternator, The Ewing High-Frequency, 269
Analogies, Mechanical and Electrical, 272
American Society of Civil Engineers, 277
American Electric Manufacturing Company, 282
American Electrical Works' New Factories, 290
*Advertising, Electrical, Mr. Richards' Invention, 301
American Association of Inventors, New Officers, 308
Anti-Trust Act, Bill to Amend, 311
American Bell Telephone Company and the Berliner Bell Patent, 314
Annul a Bell Patent, To, 314
Ansonia Electric Company, 315

B

Belgian Telephone Matters, 3
Berlin Iron Bridge Co., 4
*Boston Trolley Scene, A, 5
Boston Letter, Our, 7, 19, 43, 55, 66, 79, 115, 131, 143, 155, 167, 191, 203, 215, 227, 239, 251, 263, 275, 287, 299, 311
Buffalo General Electric Co., 13
Boiler Pitting Cured by Graphite and Oil, 16
Baltimore and Washington, Annexation of, Proposed, 18
Bell, Prof. Alexander Graham, Interviewed, 28
*Bleyer, Dr. J. Mount, "Medical Electricity," 29, 30, 41, 53, 65, 76, 89, 101, 133, 158, 182, 206, 230, 254, 278
Brown & Sharpe's Universal Cutter and Reamer Grinder, 31
*Battery, Electric, Three Important Steps in its Invention, by G. d'Infreville, 32
British Association Discusses the Desirability of a National Physical Laboratory, The, 40
*Boiler, The Stirling Water Tube Safety, 44
*Blaisdell & Company's 24-Inch Lathe, 52
Bleyer on the Purification of Sewage by Electricity, 54
*Bryant Combination Rosette and Receptacle, The, 58
Body, The Human, as a Conductor of Electricity, 65
Brooklyn Bridge Illumination During the Columbus Celebration, Its Cost, 66
Brooklyn Institute Lectures, 69
Budapest Electric Tramway, 69
Babylon Telegraph Office Seized by New York State, 70
Bliss Company Open a Chicago House, The, x of Oct. 1
Belgian Telephone Operators Threatened With Civil Service Examination, 74
Boston Y. M. C. A., The, 74
Bent the Lightning, 76
Brush Storage Battery Suit Decided, supplement of Oct. 8
Brush-Swan Electric Light Company Suit Decided, supplement of Oct. 8
*Burner, The Iona, 88
*Ball & Co's Engines at Key West, Fla., 94
Brixey, W. R., Manufacturer of Kerite Products, 96
Badger Lumber Co. *vs.* Marion Water Supply Co., 97
Brown University Presented with a Steam Engine, 97
*Bohm's Glass Stopper Incandescent Lamp, 99
Baltimore *American*, From, 99
*Bliss Co., E. W., Tool and Machine Shops, 104, 236
Brush Electric Company's Contract with the Mutual Light & Power Co., Montgomery, Ala., 111
*Baumhoff, George W., on "A Model Electric Street Railway Roadbed and Underground Wiring," 112
*Bickford, John H., on "Economy of Machine Shops for Electric Street Railways," 117
Banquet at the Street Railway Convention, 122
*Battery Box Designed by Prof. W. M. Stine, 125
Boston Electric Time Company's Property Sold, 126
*Bolte Automatic Time-Keeper, The, 132
Boats, Electric Torpedo, 146
Baltimore Traction Co., The, 146
Burch and Shephardson's Lecture Discussed, 149
*Burner, The By-Pass Ratchet Gas, 152
Bernard's Adjustable China Cleat, 156
Bids for a Rapid Transit Road for New York Wanted, 167
*Blaisdell Upright Drill, 169
Buffalo Electrical Society, 169, 218
Barker, W. I., Death of, 173
Brooklyn's Electric Roads, 178, 189
Bridgeport, Conn., Franchise, 180
*Ball Engine Company's Engine for Railway Work, 180
*Boiler, A New Water Tube, 181
Bradford Self-Closing Telegraph Key Co., The, 181
Bell Telephone Output, 184
Beacon Vacuum Pump and Electrical Company's Lamps, 188
Bidwell, Benson, *vs.* Toledo Consolidated Street Railway, 191
Bicycles, Electric, 197
Book Review, 199, 230, 260
Business Briefs, x of Dec. 17
Ball of the West End Street Railway Company, 213
*Barnes Friction Clutch Pulleys, 219
Buffalo General Electric Company's Loss by Fire, 219
Brush Electric Company's Deed of Trust, 223
Batteries, Primary, 225
Bro klyn Board of Aldermen Meeting, 227
Bliss, W. L., in the "Sibley Journal of Engineering," 228
Boston and Maine Telegraph Office at Northampton, 238
Building, Fire-Proof, for Bicycles, 241
*Bitelephone, Mercadier's, 245
*Brooklyn's Police Telegraph System, 247
Brooklyn City Railroad Company Leased by a Syndicate, 247
Batteries, Secondary, at Central Stations, 249
*Bishop Gutta-Percha Company's Cables, 249
Bates' Advertising Agency, 251
Brooklyn Roads Competing for a Franchise, 252
*Bradley's Polyphase System, 253
*Bradley's Alternating Current Motors, 257
Baltimore Tunnel Ventilating Plant, 258
Brooklyn City Railroad Company's New Officers, 259
Batteries, Storage, 262, 270, 290
Brown, R. G., Medical Electricity, 263
Bishop Gutta-Percha Company Elects Officers, 263
Bedell and Crehore, Mechanical and Electrical Analogies, 272
Bill to Import Electrical Apparatus Duty Free, 273, 282, 302
Ball & Wood Engine Company's Shop at Elizabeth, 273
Beacon Vacuum Pump and Electric Company and the Lamp Situation, 282, 283, 286
Boat, Submarine, Invented by Degli Abati, 284
Berlin Electric Railways, 285
Boston to Chicago—Short Time Between Talks, 298
Burton, George D., "Electrical Heating and Electric Metal Working," 300
*Boston and Chicago United, 305
*Berlin Iron Bridge Company, Stations at Pawtucket, R. I., and Norwalk, Conn., 309
Brooklyn Fire Department, 310
*Bradley's System of Transmission of Power, 312
Berliner Telephone Patent Litigation, 314

Zinc, A New Battery, 14

REVISED AND ENLARGED.

New Dynamo Tender's Hand Book.

By F. B. BADT.

140 ILLUSTRATIONS. 226 PAGES.

PRICE, $1.00.

General rules for the care and operation of electric light installations, discarding entirely the use of scientific terms and formulæ.

A valuable and necessary work for dynamo tenders, engineers, linemen and others connected with or having charge of an electric light plant.

APPENDIX I. Phœnix Fire Office Rules for electric light and power installations.

APPENDIX II. Rules and Requirements of the New England Insurance Exchange and Boston Fire Underwriters' Union.

APPENDIX III. Chicago Electric Light Law.

APPENDIX IV. Overhead Conductors for Electric Light and Power. Rules and Regulations of the Board of Electrical Control, New York.

APPENDIX V. The Standard Type of Electric Light and Power Station.

Sent to any address on receipt of price.
